Manure Composting

with Lisa Wood

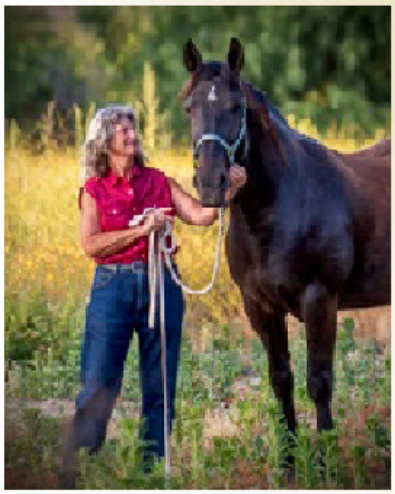
The Tijuana River Valley is horse country, and where there are horses, there is manure … lots of it.

All are welcome to a FREE WORKSHOP with Lisa Wood. An expert on environmental planning and education, Lisa will offer earth friendly and economical ways to manage manure on horse properties and create thriving gardens with manure composting.

Manure Composting

Greening Manure Management

Bring Your Composting Questions



As a ranch owner, Lisa practices what she teaches. All of the manure on her ranch, which has been home to as many as 18 horses at a time, is composted and used on site for gardening, weed control, and to promote drainage.

September 26 10 AM – Noon

DRIFTWOOD RANCH 2191 Hollister Street San Diego 92154

Gardeners are welcome to grab a bag of manure and return anytime for more. Feed sacks and shovels will be provided.
